BELL in a NUTSHELL *Part 6*

SUMMER 2020 UPDATE

The Bell Boulevard Redevelopment Project is on time and on-schedule!

We've been working hard to relocate underground utilities, remove vacant structures and rezone land to make it all possible. City Council just approved the contract for road realignment construction, so let the road-building begin! Remember: road realignment is the critical path forward for creating the Bell District.

Check out our latest installment in the Bell in a Nutshell video series [here](#).

I ♥ CEDAR PARK BECAUSE:

Recycling
Our crews have been installing these blue recycling bins—funded by 4B Community Development sales tax dollars—around our community parks.

Residents Helping Residents
When the pandemic started, Sarah took on a big challenge. She is now mowing her 50th yard, free of charge, to a person in need.

Skate Park Updates
Improvements have been made to the skate surface to help give you the smoothest ride around.

The August 27th City Council Meeting was entirely remote, with City Council Members as well as members of the public participating in a video conference call.

Council discussed, among other items:

- City of Cedar Park's COVID-19 Declaration of Local State of Disaster
- Approval of an \$11.97M contract for the realignment construction of US 183/Bell Boulevard from just south of Brushy Creek Road/Buttercup Creek Boulevard to just north of Park Street, with construction set to begin this month (project funded primarily by voter-approved 2015 bonds; road realignment is the critical path for the Bell Boulevard Redevelopment Project to begin)
- Authorization of a Memorandum of Understanding (MOU) with Dallas-based developers Rose City Partners to build four 75,000 to 100,000-square foot office buildings at the Cedar Park Town Center site
